LE SALON DES NOUVELLES
TECHNIQUES DE FABRICATION

NATIONAL CONFERENCE ON INDUSTRIAL LASER PROCESSES 28 & 29 November, Mulhouse, France

■ Submission deadline:

- **Papers: Wednesday 4th of July 2012**
- **Registration : Monday 15th October 2012**

**see termes page 2*

■ Organisation 2012: Club Laser et Procédés (CLP) & Irepa Laser

■ Partners: ESPACE LASER, AFPR, SFO

■ Conference venue: Exhibition center, Mulhouse, France. Same date, same place : ESPACE LASER exhibition.

■ **Themes and presentation:** The national conference on industrial laser processes is the premier meeting in France in this domain. It brings together the leading academics and professionals in laser processing and provides a unique opportunity to learn about the latest research and industrial innovations. The 2012 event will take place during the industrial exhibition ESPACE LASER.

The highlighted themes for 2012 are the following:

- **Aeronautic**
- **Automotive**
- **Sustainable development, life cycle**
- **Energies, marine renewable energy**
- **Additive manufacturing, metal and plastic**
- **Microtechnics**
- **Packaging**
- **Polymers, composites**
- **Health, biomedical**
- **Traceability, Anti-Counterfeiting**
- **Supplier's showcase: laser and related technologies innovations**

■ Call for papers - oral presentations

- Authors are invited to submit articles before the 4th of July according to the model jointed.
- Submissions should be sent to contact@laserenligne.fr.
- Papers will be selected by the technical committee.
- Authors of selected papers will be informed at the end of July, with a powerpoint presentation to be provided before the 7th of September for the preparation of the conference proceedings.
